Bulletin II
To Kusuda

You have the happy faculty of getting people needlessly mad at you. — i.e.

Mrs D'Ille

There have been others.

Is there anyone else?

I don't know what went on in there the other day but she is put out at us for swiping Mrs. Takahashi. We really should have gone to her first — thank you

I am going to write a nice respectful note of apology.

I suggest you do likewise.

Is Mrs. D'Elle really sore at me? If so instead of writing a note I shall see her personally. Talk may be better than writing. I cannot believe that Mrs. D'Elle is actually angry.

Good plan

Yes in a nice way
